11) Mr. Puttaya asks for that his pay might be raised to Rs 200 & fixed at Rs 1000. There is no justification for this.

12) In view however of the fact that the Expt was drawing a pay of Rs 830 fifteen years ago, and the work has since greatly increased, I would recommend that Mr Puttaya might be given Rs 830 from 1.11.30 when he will have completed 25 years B 800. This would enable him to earn a pension of Rs 500 a year.

Final Note by the Third Member of Council.

Subject:— Representation of Mr. B. Puttiah, Superintendent, Government Printing, for increased emoluments.

Mr. B. Puttiah was appointed Superintendent, Government Printing in 1923 and placed in the grade Rs.650-30-800. He reached the maximum of Rs.800 in November 1928 and has submitted a representation asking that his pay may be raised to Rs.1,000 per mensem.

The work of the Press, Stationery Depot and the Stamp Manufactory of which Mr. Puttiah is in charge has greatly increased in recent years. The pay of Mr. Yates who was Superintendent for a long time was Rs.750-25-850 and he drew a pay of Rs.850 for about six years. I am of opinion that Mr. Puttiah's pay may be fixed at Rs.850 from 1st November 1930 when he will have completed two years on Rs.800.

The question was considered in Council on the 2nd instant when the following resolution was recorded:—

"Mr. Puttiah may be given a pay of Rs.850 per mensem from 1st November 1930, as suggested by the Third Member and this may be treated as the maximum pay of the appointment".

The recommendation of the Council may be graciously sanctioned.

MEMO OF POINTS.

C.B. T/6-39-1

Nearly seven years have elapsed since I was appointed officiating Superintendent on 1st July 1923 and was confirmed in that appointment four months after, on 1st November 1923, and placed in the grade of Rs 650/-30-800.

I reached the maximum of Rs 800/- one and a half years ago, on 1st November 1928, and have been awaiting the gracious favour of Government ever since, in hopes of securing a further increase to my salary.

The work in the Press has, as is well known, doubled itself from what it was seven years ago and the responsibility and the anxiety of the appointment have also equally increased owing to heavy work and the disturbed labour conditions.

I believe I have managed the Press without giving room for trouble or complaint on the part of my workmen and have got through the heavy work smoothly, quietly and efficiently.

In the Stationery Depot, the ~~work and responsibility have also~~ ~~organisation and equipment of the~~ likewise increased owing to the demand for increased supply of stationery articles and forms as will be seen from the expenditure incurred in 1923 and 1929 which was about Rs 1½ lakhs and Rs 2½ lakhs respectively.

In the Stamp Manufactory also, the organisation and equipment of the factory have received special attention. The introduction of a new design for the Receipt Stamp, gummed paper for printing the stamps and a perforating machine for perforating the stamps have all contributed to the neatness of the stamps and the efficiency of their output. A new design for the Copy stamps has also been suggested and is under the consideration of Government.

Everywhere in India, the Press, the Stationery Depot and the Stamp office are all separate charges under different officers receiving high salaries. The Superintendents of Presses of nearly the same dimensions as our Central and Branch Presses such as those in Bombay and Hyderabad receive a graded salary rising to Rs 1,000/- plus free quarters in the case of Bombay and Rs 1,000/- in the case

of Hyderabad for managing the Presses only.

8. In Hyderabad, where alone the Stationery Depot is attached to the Press, the Superintendent gets, besides his pay of Rs 1,000/- for the Press, Rs 200/- as allowance for Stationery and Rs 40/- as conveyance allowance.
9. Twenty two years ago, the then Superintendent of the Government Press the late Mr. Yates, drew the grade pay of Rs 750-25-850 for four years from 1908 to 1912 and Rs 850/- thereafter continuously for six years up to 1917 when he retired; but now, when work, responsibility and labour conditions have all undergone a thorough revolution, the Superintendent's pay is less than what it was two decades ago and calls for suitable revision and increase.
10. Fifteen years ago, there were five experienced and trained officers drawing comparatively high pay at the Bangalore Central Press alone; whereas now, I have managed the doubly increased work carrying greater responsibility with the assistance of only two untrained and junior officers, one drawing Rs 150/- and the other about Rs 200/-.
11. I plead that all these circumstances may be kindly taken into gracious consideration and my pay raised to Rs 1,000/- a month, especially in view of the short period of four years of service before me prior to superannuation. For this reason, a new graded pay will operate as a hardship and I beg for an addition of Rs 200/- to my present pay of Rs 800/-.
12. The increase in the number of hours of work in the Press and the investment of further responsibilities to the Superintendent contemplated in the orders on the Report of the Press Committee lend additional weight to my humble request which, I earnestly solicit, may receive most sympathetic consideration.
